

## TEXAS STATE GERMAN CONTEST

# Oral Presentation

## Critique Sheet – DIGITAL EVENT

**INSTRUCTIONS TO JUDGES:** Please make sure you have read the “Instructions to Judges” sheet in your packet.

**RULES - This is a “digital event.”**

**Entry Limit:** 2 contestants per level, per school: Level 4 & Advantaged only (EXCEPTION: If a school has no Level 4 students or advantaged speakers attending contest, Level 3 contestants may enter, but with the understanding that they will be competing against Level 4 contestants.)

**Time Limit:** 2-4 minutes

The contestant gives a **prepared** presentation based on a provided picture prompt. The picture will be posted on the contest website by December 1 each year and will relate to some current cultural topic. The presentation must compare cultural perspectives between one or more German-speaking countries and your own region related to the topic suggested by the picture. Contestant may use notes (maximum 10 bullet points, maximum 5 words per bullet), but the presentation is otherwise memorized. The presentation may be accompanied by a visual component (picture cards, poster, photo story, images on a tablet or laptop), but the visuals cannot include any words. Note: Contestant must remain fully in view of the camera for the entire presentation, so if close ups of visuals are necessary, the contestant must make sure he/she is still 100% visible. The video may not cut back and forth between contestant and visuals.

**Submission Process:**

1. Record yourself (or have someone record you) giving your presentation. You may do as many “takes” as you want until you’re satisfied with the result, but the submitted recording must be a single continuous unedited take, not a spliced-together compilation of the best parts of multiple takes. (See rules above regarding use of visuals.)
2. If notes were used, hold the note card(s) up to the camera for at least 5 seconds (each) at the end of the presentation so that the judges can get a good look at it (them). The time it takes to display the note cards does not count toward the time limit.
3. Upload the video of your presentation to YouTube or Vimeo.
4. Create a single Word document or Google Doc with **your name, your school**, an image (or images) of your “**visual component**” if you used one, and a **hyperlink to your YouTube/Vimeo recording**. \*\*If you are concerned about privacy and want to password-protect your video, include the password with the hyperlink in the document.
5. Convert this document to a PDF file and upload it according to the instructions provided. Do NOT upload the video itself; the judges will access your video via the link that you include on the document.
